# The Microphone Foam for Lavalier Mics Size Guide

Our The Microphone Foams for Lavalier Mics have been engineered with precision to provide your microphone with excellent protection from vocal plosives and light wind noise whilst retaining a high-level of acoustic transparency.

There are five sizes, where the foams have been manufactured to be compatible with the most prominently used lav, headset or earset microphones.

Jump to see which Microphone Foam fits your [Headset Microphone](#).

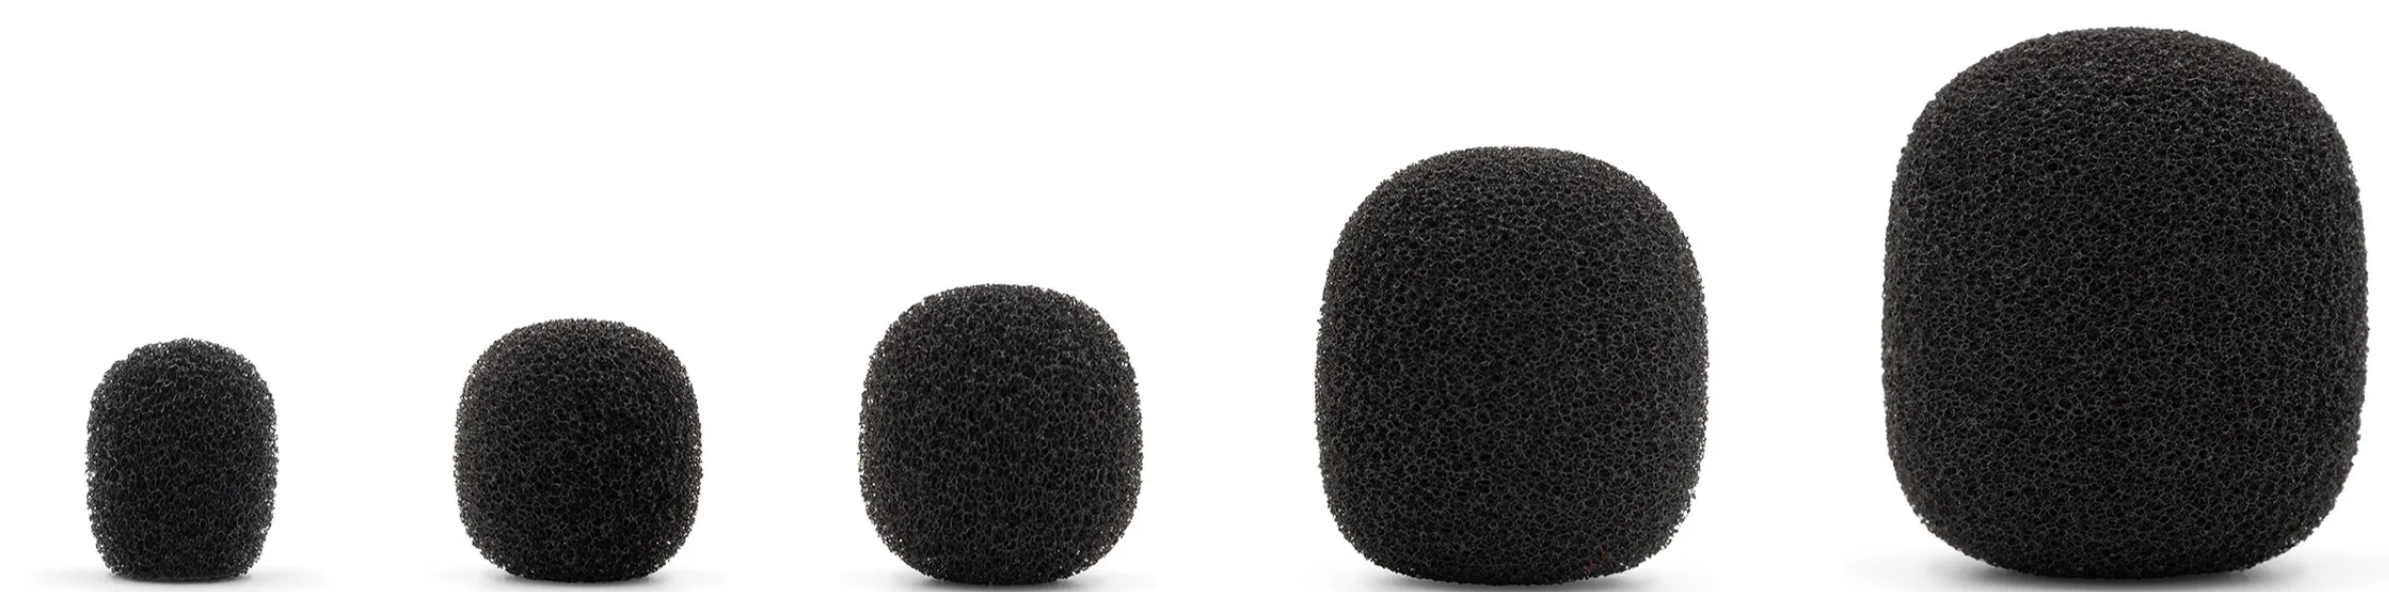

## Lavalier Microphones

Mobile users:

Rotate your phone and view in horizontal aspect for the best view.
