

The ID110 is an under desk mount bracket, allowing installation of a single unit 19" device under a desk or table or against a wall. It is constructed of steel with a plate thickness of 1.5 mm and provided with a black (RAL 9004) structured powder coating. Equipment mounting is done through a punched rack profile for use with snapin cage nuts and it can be mounted both horizontally (under a desk or table) and vertically (against a wall). It allows installation of a wide variation of 19" equipment including AV equipment, networking devices, power distributors or any others.

### Product Features:

---

Dimensions		53 x 489 x 150 mm (W x H x D)
Weight		0.52 kg
Unit height		1 HE
Accessories	Optional	KM600 - M6 Cage nuts

### Variants:

---

- ID110/B - Black
