

**DMXcat® Multi Function Test Tool  
(P/N 6000)**

**DMXcat®**  
CONTROL ANALYZE TEST

**DMXcat Multi Function Test Tool (P/N 6000)** is designed for use by the lighting professional who is involved with the planning, installation, operation, or maintenance of theatrical and studio lighting equipment. The system consists of a small hardware interface device and a suite of mobile applications. Together, they combine to bring DMX/RDM control plus several other functionalities to the user's smartphone for use wherever and whenever they are needed. Developed with input from designers and technicians, the DMXcat is an indispensable tool for lighting users.

DMXcat can function in seven languages: Spanish, French, German, Italian, Korean, Japanese, and English. DMXcat works with Android and iPhone as a free DMXcat app to pair with your DMXcat hardware (the app requires an Android OS 6.0+ or Apple iOS 11+ smartphone).

**SPECIFICATIONS:**

| Physical      |                      |           |
|---------------|----------------------|-----------|
| Length        | 95.3 mm              | (3.75 in) |
| Width         | 41.4 mm              | (1.63 in) |
| Height        | 23.9 mm              | (0.94 in) |
| Weight        | 0.3 lb               | (0.14kg)  |
| Flashlight    | White LED            |           |
| Construction  | NEMA 1 ABS enclosure |           |
| Charging Port | Micro USB            |           |

| Product Information    |   |
|------------------------|---|
